Hi there!
I'm Eleftheria, I'm 12 and I live in Veroia, Greece.
My city is about 500 km from thr capital Athens. I live with my mum ,my dad and my sisters.

My day isn't very busy. I get up at 7.15, have breakfast and leave for school. It's only 20' on foot so I don't get the bus.

I'm never late!

Lessons start at 8.15. I'm in the first grade of Junior High School. My fav subject is Biology. We learn about Nature. I also study ancient Greek. The Greek Grammar is so weird!

We have six snack breaks. I eat at the school canteen. Lessons finish at 13.45. I go back home!

In the evening after dinner, my parents watch TV. I prefer listening to music on my mobile. I also tidy my room because I like it!

I go to bed at around 10 o'clock on weekdays.

On Fridays, I study computers at a school. On Saturdays I have dance lessons because I love dancing.

In the afternoons I do my homework.

I sometimes ride my bike and meet my friends.
